

Clinical Dermatological Nursing Placement Program

The clinical placement will be arranged at nursing treatment and procedure rooms. Learners will be provided the opportunities to interact with the speciality dermatological nurses in National Skin Centre, understand the history of dermatology nursing and scope of services provided to ensure safe patient care and practices.

In this program the learner will be provided :

- Mentorship and career guidance from dermatology clinical nurses to gain an overview of dermatology nursing practices.
- Participate in the interactive discussion with respective subspecialities dermatology nurses and nurse leader.
- Observe how nurses interact and communicate with patients and inter-professional groups.
- Learn the practical tips on dermatological nursing care practices such as phototherapy, topical application and wound management.
